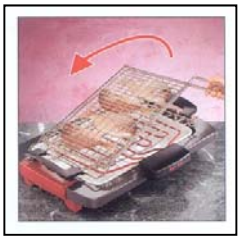
BARBECUE
BQ 88

PIVOTING GRILL

Exclusive patented double grill rack enables delicate food such as vegetables and fish to be turned over without falling



TWO GRILL HEIGHTS

The distance between the wire rack and the heating element can be altered using the slide at the side ensuring perfect grilling for all types of food

HOUSEHOLD APPLIANCES

BQ 58

- Convenient base and wind breaker for outside grilling. The base is easily removed and stored
- Maximum input power: 1900W
- Double turning grill rack, to turn the food without breaking it and without burning your fingers.
- Removable enamelled steel tray. The water it contains permits grilling without smoke.
- Cooler-touch handles
- Special system to choose between two different grill heights and ensure perfect cooking
- On/off switch with indicator light
- Safety microswitch cuts the power supply if the control panel is not in place
- Cord storage
